

INTRODUCTION:

This program is offered by **PIQC Institute of Quality** in collaboration with **Dow University of Health Sciences (DUHS)**. Healthcare services today are scrutinized, measured, evaluated and publicized as never before. An increasingly educated public expects to receive nothing less than excellent care and services and it must be the mission of every healthcare organization to deliver that excellence. Quality improvement is the process of continually evaluating existing processes of care and developing new standards of practice and therefore has to be a core competency for every healthcare professional. **Certified Healthcare Quality Professional (CHQP)** course is designed to enhance the competency of healthcare professionals. The Body of Knowledge used for this course aids in the preparation of any local and international healthcare courses. This course will enhance your career and facilitate the quality transformation in your hospital or healthcare organization.

LEARNING OUTCOMES:

Upon successful completion of this program, the participants will be able to:

- ✓ Understand healthcare gaps in the country and inefficiencies in resource-poor settings.
- ✓ Identify acceptable knowledge of the principles and practices of Healthcare Quality Management in healthcare related facilities.
- ✓ Create the ability to initiate and manage Quality Assurance and Accreditation frameworks in local hospitals or healthcare institutes.
- ✓ Foster continuing competence and maintain the professional standard in healthcare quality.

BODY OF KNOWLEDGE:
