

INTRODUCTION:

This program offered by **PIQC Institute of Quality** in collaboration with **NED University of Engineering & Technology**, focuses on Lean Management—an advanced set of techniques aimed at elevating organizational productivity and efficiency to a world-class level. Applicable across service and manufacturing sectors, this four months course will equip you with the expertise required to lead lean initiatives and drive organizational excellence by guiding your team in eradicating wasteful practices, streamlining workflows, reducing lead times, and amplifying customer value and employee engagement. The body of knowledge of this program is compatible to Lean Bronze Certification offered by Society of Manufacturing Engineers (SME).

Platform
Online (VILT)

Duration
04 Months
(Two Classes Per Week)

Course Start Date
June 25th, 2024

Days
Every Tuesday &
Wednesday

Timings
6:00 PM – 9:00 PM PKT
